- 1 This list was compiled from reports by the operating agencies (as the State Foresters) or from direct correspondence with the nursery. Omissions and corrections should be reported to the Chief, U. S. Forest Service, Washington 25, D. C.
- 2 Does not include a TVA experimental nursery in Tennessee which produces no forest tree stock, and the U. S. Forest Service nursery under construction in California.
- 3 The number is nine greater than last year. Texas closed a tiny nursery, eight new ones in Colorado, Georgia, Louisiana, Mississippi, Nevada, North Carolina, South Carolina, and Texas began shipment, and two previously unreported small nurseries in New York and Washington were also added to the list. Not included is one nursery on a standby basis, three producing only wildlife cover stock, and thirteen under construction.
- 4 Two paper company nurseries shipped their first trees in 1958 and one closed. Three more are under construction.
- 5 Four land or lumber company nurseries shipped their first trees in 1958 and one closed. Two more are under construction.

INVITATION

We would appreciate receiving recommendations regarding subjects which should be covered in future issues of Tree Planters' Notes. We also need your help in providing articles on new methods or techniques in doing the many jobs relating to reforestation. Articles will be welcome in any form - letter, rough draft, or final. Photographs which will help create interest or a better understanding of the article should be enclosed if available. Please send your contributions to: Chief, Forest Service, U. S. Department of Agriculture, Washington 25, D. C.

SUBSCRIPTIONS AND MAILING LIST

Tree Planters' Notes will be sent upon request, without charge, to persons and organizations doing reforestation work, libraries, forest schools, and similar educational institutions interested in reforestation. The address is given above.
