

AUTHOR INDEX

- Abbott, H. G. (20-140)
1972 Tree improvement activities in the South.
- Allen, P. H. (13-63)
1965 The task of establishing a significant supply of new and better trees.
- Allison, A. C. (12-2)
1964 Objectives, methods of establishment, and present status of seed production areas and seed orchards in West Virginia.
- Anderson, E. A. (2-34, 2-56)
1954 Inheritance of wood quality.
- Armstrong, M. M. (6-35)
1958 Tree improvement activities of the Armstrong Forest Company.
- Ashman, R. I. (5-43)
1957 The possibilities of Norway spruce in Maine.
- Atkinson, O. R. (11-12)
1963 Vegetative propagation problems with sugar maple.
- Babcock, E. B. (1-99)
1953 The Forest Genetics Research Foundation.
- Bacon, E. M. (4-2)
1956 The Tionesta Scenic and Natural Area, Allegheny National Forest.
- Baldwin, H. I. (1-33)
1953 Provenance tests of common exotics in the Northeast.

(1-92)
1953 Need and opportunities for cooperation on selection of wild types.

(3-23)
1955 Winter foliage color of Scotch pine.

(13-24)
1965 Geographic variation in European larch.

(20-85)
1972 Recent Provenance tests in Sweden.
- Barber, J. C. (15-88)
1967 Plant materials register to be developed.

- Bedger, R. C. (12-7)
1964 Musser Forests seed improvement program.
- Bennett, A. L., M. M. Armstrong (4-9)
1956 Marking Symposium: tree marking plot, Wolf Run Experimental Forest, History, stand data, and quality rating of the trees.
- Bey, C. F. (15-31)
1967 The Forest Service black walnut genetics project: a progress report.

(19-247)
1971 Leaf flush in black walnut at several midwest locations.
- Bourdeau, P. F. (5-58)
1957 Relation between growth and unit rate of photosynthesis.
- Bramble, W. C. (1-6)
1953 Forest requirements from the viewpoint of research.

(2-20, 2-50)
1954 Individual tree selection and testing.
- Brittain, W. H. (14-15)
1966 Role of white birch in forestry.
- Britwum, S. P. K. (8-43)
1960 Artificial hybridization in the genus *Ulmus*.
- Brown, R. C. (1-30)
1953 Genetic variation in resistance of trees to insect attack.

(2-29, 2-54)
1954 Inheritance of insect resistance.
- Brown, I. R., F. A. Valentine (10-25)
1962 Natural variation in specific gravity and fiber length in *Populus tremuloides* clones.
- Buckingham, H. C. (10-52)
1962 Early flowering seedlings of a "Plus" tree.

(12-55)
1964 Seed production areas in Maryland.
- Callaham, R. Z. (12-45)
1964 Seed production areas and seed orchards in California.
- Carlson, C. E., G. M. Blake (13-45)
1965 Hybridization of *Larix occidentalis* and *Larix lyallii*.
- Carmichael, A. J. (16-62)
1968 Black spruce wood quality: the prediction of specific gravity.

- Cech, F. C., J. H. Kitzmiller (15-53)
 1967 Geographic variation in seed and seedling characteristics of black cherry (*Prunus serotina* Ehrh.)
- R. E. Adams, A. Miller (17-12)
 1969 Multiple witches broom - a new type of abnormality in Scotch pine (*Pinus sylvestris*).
- (18-58)
 1970 Preliminary steps for the establishment of an industrial tree improvement program.
- Chandler, C. (7-32)
 1959 The propagation of *Larix* from soft-wood cuttings.
- S. Mavrodineanu (13-14)
 1965 Meiosis in *Larix laricina* Koch.
- Chiasson, L. P. (14-20)
 1966 Interspecific hybridization in *Abies*.
- Clausen, K. E. (15-2)
 1967 Natural variation in catkin and fruit characteristics of yellow birch.
- (20-90)
 1972 Within-provenance variation in yellow birch.
- Connola, D. P. (13-72)
 1965 Summary report on study of resistance in eastern white pine to white pine weevil attack in New York.
- (14-63)
 1966 Cage studies of white pine weevil resistance with potted eastern white pine.
- (20-109)
 1972 A comparison of white pine weevil resistance in caged and outplanted seedlings from two sources.
- Cook, D. B. (1-49)
 1953 Larch and the problems of forest tree improvement.
- (7-40)
 1959 Criteria for judging "Plus" larch trees.
- (12-53)
 1964 Red squirrel damage and larch genetics.
- 1965 A tour of Cooxrox Forest.

- Cook, D. B. (13-21)
1965 Growth and silviculture of larch hybrids.
- C. H. Frommer (16-6)
1968 Rooting softwood cuttings of larch.
- (18-69)
1970 Genetic improvement as applied to larch.
- Cram, W. H., C. H. Lindquist (16-64)
1968 Use of self-compatibility for seed orchards.
- Demeritt, M. E., W. M. Chang, J. D. Murphy, H. D. Gerhold (19-87)
1971 Selection system for evaluating resistance of Scotch pine seedlings to ozone and sulfur dioxide.
- (20-130)
1972 Prospects for selecting and breeding trees resistant to deicing salt.
- Diller, J. D. (3-2)
1955 "Screening" the American chestnut for blight resistance.
- (5-69)
1957 Natural selection of blight-resistant American chestnuts appears promising.
- Doolittle, W. T. (18-65)
1970 Tree improvement and environmental forestry.
- Doran, W. L. (1-41)
1953 The vegetative propagation of some forest trees.
- Dorman, K. W. (2-37)
1954 Forest tree improvement in the south.
- Dorn, D. E. (15-29)
1967 Progress report on Forest Service hardwood superior tree selection in the Northeast.
- (16-1)
1968 Relationship of specific gravity and tracheid length to growth rate and provenance in Scotch pine.
- Douglass, R. W. (8-12)
1960 A method of selecting Japanese larch trees that are superior in volume production.
- Duffield, J. W. (5-20)
1957 Summary of forest tree improvement work in the Pacific Northwest.
- Dyer, W. G. (1)4-10)
1966 Tree improvement in Ontario.

- Echols, R. M. (3-31)
1955 Microsporogenesis and megasporogenesis in *Tsuga canadensis*.
- Ehrhart, E. O. (3-59)
1955 A pulpwood operational routine designed for tree improvement.
(4-6)
1956 Tour of the Armstrong Forest Company experimental forest: the
crop-tree plot established in 1940.
- Eliason, E. J., G. R. Stairs (12-11)
1964 Forest tree seed improvement in New York state.
(13-66)
1695 New York state forest tree improvement program.
D. E. Carlson (16-65)
1968 Variability of flower and cone production in Norway spruce.
- El-Lakany, M. H., O. Sziklai (16-50)
1968 Preliminary report on the effect of gamma-irradiation on the
germination of some western coniferous species.
- Enright, L. J. (6-3)
1958 Vegetative propagation of forest trees.
- Ettinger, G. E., H. D. Gerhold (15-38)
1967 Genetic improvement of black cherry for timber: a literature
review.
- Farrar, J. L. (8-14)
1960 Induced variation in the pattern of shoot extension in five
seed sources of *Picea Abies* (L.) Karst.
J. J. M. Nicholson (14-39)
1966 Response of ten provenances of white spruce seedlings to
variable concentration of calcium in the nutrient medium.
- Farrington, R. A. (12-58)
1964 Progress report of the Vermont tree improvement project.
- Fechner, G. H. (15-63)
1967 Performance of nine Northeastern poplar hybrids in Colorado.
R. W. Clark (16-63)
1968 Preliminary observations on hybridization of Rocky Mountain
spruces.
- Feret, P. P., G. R. Stairs (18-72)
1970 Enzyme electrophoresis-application of molecular biology to
forest genetics research.

- Forbes, D. P. (20-47)
 1972 Problems and techniques associated with natural and controlled
 pollination of black cherry (*Prunus serotina* Ehrh.).
- Foster, C. H. (1-8)
 1953 Future size and quality requirements for softwood timber trees
 in the Northeast.
- Fowells, H. A. (8-2)
 1960 Forest tree improvement research in the Forest Service.
- Fowler, D. P. (9-3)
 1961 Initial studies indicate *Pinus resinosa* little affected by
 selfing.
- Fryer, J. H., F. T. Ledig (17-21)
 1969 Pitch pine: a literature review.
- F. T. Ledig, D. R. Korbobo (19-27)
 1971 Photosynthetic response of balsam fir seedlings from an
 altitudinal gradient.
- Gabriel, W. J. (3-33)
 1955 Preliminary report on clonal differences in the wood and phloem
 of *Populus deltoides* and *P. trichocarpa*.
- (5-3)
 1957 Summary of forest tree improvement work in the Northeast.
- (9-8)
 1961 Inbreeding experiments in sugar maple (*Acer saccharum* Marsh.)
 -- early results.
- (11-8)
 1963 Selection of sugar maples for high sugar content in sap --
 development of procedures.
- G. E. Howe (15-72)
 1967 Practical problems of a sugar maple selection program.
- (16-25)
 1968 Mass testing of sugar maple (*Acer saccharum* Marsh.) seedlings
 for sugar content in sap.
- (19-12)
 1971 One-parent progeny test of sugar maples selected for superior
 sap-sugar production -- early results.
- (20-39)
 1972 Differences between black and sugar maple.
- Genys, J. B. (12-14)
 1964 Report on establishment of tree seed orchards in Maryland with
 a special reference to white pine.

- Genys, J. B. (16-61)
 1968 Intraspecific variation among 200 strains of two-year-old Norway spruce.
- (19-2)
 1971 Diversity in Japanese larch from different provenances studied in Maryland.
- Gerhold, H. D. (7-43)
 1959 Seasonal yellowing of Scotch pine - its implications for the genetic improvement of Christmas trees.
- (9-44)
 1961 Testing white pines for weevil resistance.
- (12-16)
 1964 Development of seed orchards and seed production areas at the Pennsylvania State University.
- (13-50)
 1965 Growth and winter injury of Douglas-fir in a three-year provenance demonstration.
- R. L. Soles (14-51)
 1966 Weevil attacks on caged seedlings of three white pine species.
- Giddings, E. L. (3-63)
 1955 Application of genetical methods in the spruce-fir type from the viewpoint of the forest manager.
- (7-2)
 1959 Appraisal of forest tree improvement activities from the viewpoint of forest industry.
- Giordano, E. (8-8)
 1960 Summary of genetic improvement of poplar and eucalypts in Italy.
- Gladstone, W. T. (18-49)
 1970 Spin-off from forest genetics research.
- Gravatt, G. F., J. D. Diller, F. H. Berry, A. H. Graves, H. Nienstaedt (1-70)
 1953 Breeding timber chestnuts for blight resistance.
- Hamilton, L. S., C. H. Frommer (10-8)
 1962 Some seed source studies of Scotch pine in New York.
- C. E. Heit, E. J. Eliason, D. Carlson (17-3)
 1969 Performance of fifty-five seedlots of Scotch pine at two locations in New York.
- Hansbrough, J. R. (1-26)
 1953 Genetic variation in disease resistance of native forest-tree species.

- Hansbrough, J. R. (2-31, 2-56)
1954 Inheritance of disease resistance.
- Harrison, C. M., F. A. Valentine (19-60)
1971 Phenetic affinities in small populations of New York aspens.
- Heiberg, S. O. (3-44)
1955 Silviculture in relation to forest tree improvement.
- Heimbürger, C. (3-6)
1955 Blister rust resistance in white pine.
- (5-25)
1957 Forest tree breeding work in Canada.
- (14-64)
1966 Some observations on weevil resistance of *Pinus peuce*.
- Heit, C. E. (13-73)
1965 Better Scotch pine Christmas trees by seed source testing in the nursery.
- (17-33)
1969 Studies with Douglas-fir seed and exotic conifers for Christmas tree production.
- Hicks, R. R., M. Reines (15-18)
1967 The phenology of sweetgum (*Liquidambar styraciflua* L.)
- G. R. Stairs (20-17)
1972 Biochemical comparisons of extracts from physiologically juvenile and mature quaking aspen cuttings.
- Hitt, R. G. (18-7)
1970 Government's role in tree improvement application and development.
- Hocker, H. W. (9-35)
1961 Stimulating conelet production of eastern white pine.
- (12-28)
1964 Estimating seed tree needs for eastern white pine seed production areas.
- (12-29)
1964 Cooperative eastern white pine tree improvement program: University of New Hampshire and New Hampshire Department of Resources and Economic Development.
- (19-51)
1971 Phenotypic variation in height, diameter, and volume of eastern white pine trees in southeastern New Hampshire - selection potential.

- Ho, R. H., O. Sziklai (16-44)
1968 Some observations on germination of *Pseudotsuga menziesii* (Mirb.)
Franco (Douglas-fir) pollen in vitro.
- Hoist, M. J. (14-13)
1966 A note on the effect of root pruning and ammonium nitrate on
flowering in young jack pine.
- Hough, A. F. (4-3)
1956 The red pine provenance test on the Kane Experimental Forest.
- House, W. P. (1-4)
1953 Forest requirements from the viewpoint of practice.
- Howe, G. E. (16-27)
1968 Early results of a sugar maple provenance study.
- Hunt, C. M. (9-58)
1961 A white pine seed orchard layout.

(11-4)
1963 Sex conditions in white ash (*Fraxinus americana* L.)

(12-30)
1964 Tree improvement programs on national forests in Region 7.

(15-26)
1967 Opportunities and needs for improvement of northeastern
hardwood species.
- Jaynes, R. A. (7-27)
1959 Status of chestnut breeding at the Connecticut Agricultural
Experiment Station.

(9-14)
1961 Buried-inarch technique for rooting chestnut cuttings.
- Jeffers, R. M. (16-60)
1968 Parent-progeny growth correlations in white spruce.

(19-35)
1971 Cone characteristics and seed yield in jack pine.
- Jensen, V. S. (5-6)
1957 Improvement work with eastern white pine in the Northeast.
- Johnson, A. G. (1-75)
1953 Juvenile selection criteria.
- Jones, W. G. (20-160)
1972 Hybrid poplar plantings on strip-mine sites in Pennsylvania.

- Kellison, R. C. (15-7)
 1967 Natural variation of yellow-poplar in North Carolina.
- Klaehn, F. U. (5-71)
 1957 Some interesting aspects of flower morphology and flower ecology of various forest trees.
- E. J. Eliason (8-21)
 1960 A seed orchard cooperative project in New York.
- (10-42)
 1962 The relation of vegetative propagation to topophysis, cyclophysis and periphysis in forest trees.
- Ladell, J. L. (16-62)
 1968 Black spruce wood quality: structure of wood and paper strength.
- Langner, W. (8-6)
 1960 An international provenance trial with *Larix leptolepis*.
- Larsson, H. C. (15-75)
 1967 Some methods of selecting and propagating asexually high quality phenotypes of silver maple (*Acer saccharinum* L.)
- (17-65)
 1969 Technique of producing silver maple seed under greenhouse conditions.
- Ledig, F. T. (16-34)
 1968 Possibilities in the physiological analysis of growth.
- (17-41)
 1969 Phenotypic variation in sugar maple in relation to altitude.
- (20-69)
 1972 The application of mass selection in tree improvement.
- Lester, D. T. (8-35)
 1960 Observations on flowering in the aspens.
- (16-9)
 1968 Genetics and breeding of American elm.
- Little, S., H. B. Tepper (6-26)
 1958 Six-year results from a Maryland planting of loblolly pines from different seed sources.
- (12-56)
 1964 Loblolly-pitch pine breeding orchards.
- Littlefield, E. W., E. J. Eliason (1-38)
 1953 On the testing of some conifer species and types in New York State.

- Littlefield, E. W. (2-16, 2-47)
 1954 Selection of tree races for the Northeast.
- E. J. Eliason (9-70)
 1961 On the testing of some conifer species and types in New York State.
- Longwood, F. R. (5-28)
 1957 The Penobscot Experimental Forest.
- MacGillivray, H. G. (14-4)
 1966 Some relationships of seed source, seed weight and number of cotyledons in red and black spruce.
- Masters, C. J., W. F. Beineke (20-52)
 1972 Clonal vs. half-sib seedling orchards for black walnut.
- Matthews, J. D. (7-16)
 1959 Forest tree breeding in Britain.
- McElwee, R. L. (10-51)
 1962 Clonal seed orchards.
- McKay, J. W. (6-21)
 1958 Techniques in breeding new varieties of orchard trees.
- McLintock, T. F. (3-65)
 1955 Forest tree improvement in the spruce-fir region.
- McWilliam, J. R. (5-63)
 1957 The role of temperature in pollen germination of Pinus and its bearing on controlled pollination practices.
- Mergen, F. (3-48)
 1955 How much forest tree improvement can we expect from genetical methods.
- (5-52)
 1957 Air-layering of Norway spruce and blue spruce.
- G. R. Stairs (10-3)
 1962 Progeny test from a pitch pine-oak forest damaged by low level chronic gamma radiation.
- Miller, R. G. (20-115)
 1972 The eastern white pine cooperative blister-rust resistance development program.
- Mitchell, H. L. (6-8)
 1958 The possibilities of using forest survey to locate individual trees that are superior with respect to wood quality as well as form and growth rate.

- Morgenstern, E. K. (16-60)
1968 Survival and height growth of red spruce provenances in three experiments in Ontario.
- Nicholson, J. (14-43)
1966 Repeatability of tracheid characteristics in Douglas-fir seedlings grown under two photoperiods.
- Nienstaedt, H. (1-47)
1953 Applications of vegetative propagation to forest tree improvement.
(2-2, 2-42)
1954 Genetical improvement of naturally regenerated stands.
(16-59)
1968 White spruce seed source variation and adaptation to 14 planting sites in northeastern United States and Canada.
- Olsen, J. (12-60)
1964 Seed production areas in Connecticut.
- Ostrom, C. E. (1-95)
1953 Southern Forest Tree Improvement Committee.
- Palpant, E. H., H. D. Gerhold (17-36)
1969 The Pennsylvanian tree improvement program.
- Parrish, F. T. (1-13)
1953 Timber and wood quality: use requirements: hardwoods.
- Patton, R. F., A. J. Riker (5-46)
1957 Blister rust resistance in eastern white pine.
- Pauley, S. S. (1-68)
1953 Tree improvement studies of the Maria Moors Cabot Foundation for Botanical Research.
- Pitcher, J. A. (7-52)
1959 Heteroplastic grafting in the genera Acer, Fraxinus, Picea and Abies.
- Powell, G. R. (19-18)
1971 Some observations on the transition from female bearing to male bearing in balsam fir.
- Rauter, R. M., J. L. Farrar (16-13)
1968 Embryology of *Picea glauca* (Moench) Voss.
- Rendle, B. J. (7-21)
1959 Research on juvenile wood in Britain and its significance for forest tree improvement.

- Righter, F. I. (5-22)
1957 Summary of forest tree improvement work in California.
- Roche, L. (16-64)
1968 Introgressive hybridization in the spruce species of British Columbia.
- Roller, K. J. (19-77)
1971 The hybrid (*Populus deltoides* X *P. balsamifera*) X *P. nigra* var. *betulifolia* in Manitoba.
- Rollins, J. A. (12-34)
1964 Seed production areas in Maine.
- Rudolf, P. O. (1-97)
1953 The Lake States Forest Tree Improvement Committee.

(2-38)
1954 Forest tree improvement in the Lake States.

(5-11)
1957 Highlights of current forest tree improvement activities in the Lake States.

H. Nienstaedt (5-54)
1957 Spruce improvement research at the Lake States Forest Experiment Station -- an outline.
- Rumpf, R. H. (12-44)
1964 The Glatfelter Pulp Wood Company's seed production areas.
- Russ, D. F. (12-54)
1964 Establishment of seed production orchards: Great Mountain Forest.
- Santamour, F. S. (3-28)
1955 Hermaphroditism in *Populus*.

(8-33)
1960 Anatomical criteria for early selection in poplars.

(11-49)
1963 Is there resistance to the white pine weevil in *Pinus strobus*?

(17-60)
1969 Shade tree improvement research: goals and limitations.
- Satoo, T. (7-24)
1959 A brief report on forest tree improvement in Japan.
- Schreiner, E. J. (1-64)
1953 Possibilities of inbreeding, selective intraspecific breeding, racial and species hybridization, and polyploidy.

- Schreiner, E. J. (1-94)
- 1953 Need and opportunities for cooperation on breeding.
(3-38)
- 1955 Report on a reconnaissance of *Pinus sylvestris* in Spain.
(5-28)
- 1957 Genetic improvement conversion.
(9-53)
- 1961 Clonal or seedling seed orchards?
(10-53)
- 1962 Some suggestions for plus-tree selection and seedling seed orchards.
(13-7)
- 1965 Maximum genetic improvement of forest trees through synthetic multiclonal hybrid varieties.
(18-39)
- 1970 Application of tree improvement to mini-, midi-, and maxi-rotation management.
(19-108)
- 1971 Procedure for selection of hybrid poplar clones for commercial trials in the northeastern region.
(20-28)
- 1972 Some aspects of NEFTIC in retrospect and prospect.
- Schreuder, G. F. (18-12)
- 1970 An economic framework to evaluate tree improvement.
- Smith, D. M. (18-2)
- 1970 Forest practice and tree improvement in the Northeast.
- Sowers, D. W. (12-42)
- 1964 Tree improvement work on virginia pine by West Virginia Pulp and Paper Company.
- Stairs, G. R., F. Mergen (11-38)
- 1963 Potential uses of irradiated pollen in forest genetics.
(13-30)
- 1965 Geographic variation in Japanese larch.
(15-15)
- 1977 Cold hardiness in intra-specific hybrids of tulip poplar.
W. T. Hauck (15-42)
- 1967 Reproductive cytology of black cherry (*Prunus serotina* Ehrh.)

- Stairs, G. R., S. Adapa (16-61)
1968 Seed source and growth rate effects on wood quality in Norway spruce (*Picea Abies* L.)
- Stephens, G. R. (8-39)
1960 Flower stimulation in *Pinus strobus* L.

(9-41)
1961 Initiation of strobili primordia in *Pinus strobus* L.
- Stern, K. (9-25)
1961 Preliminary estimates of the genetic structure of two sympatric populations of birches as determined by random effects and natural selection.
- Stone, E. L. (13-36)
1965 Soil factors and the growth of Japanese and European larch.
- Stout, B. B. (11-31)
1963 Stem-crown relationships in Scotch pine.
- Stroh, R. C. (11-41)
1963 Racial variation of the leader characteristics of *Pinus strobus* L. correlated with feeding by the white pine weevil.
- Strout, D. F. (18-25)
1970 The application of tree improvement in the Northeast - why or why not?
- Sullivan, C. R. (14-59)
1966 The white pine weevil in Ontario: recent and current studies related to the improvement of white pine quality.
- Sweaney, W. P., G. M. Clark, W. R. Bunting (14-31)
1966 Chronic irradiation studies in conifers - a preliminary report.
- Valentine, F. A. (9-17)
1961 Natural variation in specific gravity in *Populus tremuloides* in northern New York.

S. H. LaBumard, R. G. Fowler (16-29)
1968 Selection and identification of monoploid *Populus tremuloides* Michx.

P. D. Manion (19-97)
1971 Genetic control of susceptibility to *Hypoxyylon mammatum* in native aspens.
- Wahlgren, H. E. (20-154)
1972 Wood quality considerations in tree improvement activities.

- Wakeley, P. C. (5-14)
1957 Summary of forest tree improvement work in the South.
- Weetman, G. F. (18-22)
1970 The application of tree improvement in the Northeast - why or why not?
- West, R. F., F. T. Ledig (11-21)
1963 Lammas shoot formation in Scotch pine.
- R. Rogers (17-14)
1969 The effect of lammas shoot growth on the stem form of young Scotch pine.
- Weiland, G. W. (18-28)
1970 The application of tree improvement in the Northeast - why or why not?
- White, Z. W. (7-4)
1959 Appraisal of forest tree improvement activities from the view-point of forest industry.
- Whitesell, C. D. (6-30)
1958 Report on a cooperative seed origin study with virginia pine.
- Wilkinson, R. W. (20-121)
1972 Possibilities for effective early selection in hybrid poplar clonal tests.
- Winieski, J. A. (7-48)
1959 Artificial hybridization and grafting methods with *Ulmus americana*.
- (12-43)
1964 Pennsylvania tree improvement program: progress report 1963-64.
- Wollerman, E. H. (3-35)
1955 Strains of black locust resistant to borer.
- Wright, J. W. (1-20)
1953 Racial variation and individual tree selection in the Northeast.
- (1-77)
1953 Interspecific hybridization in spruce, maple, and ash at the Northeastern Forest Experiment Station.
- (2-23, 2-52)
1954 Tree breeding now under way or projected in the northeastern section of the U.S.
- H. I. Baldwin (3-18)
1955 Report on an 18-year-old Scotch pine provenance test in New Hampshire.

Yeatman, C. W., M. J. Hoist (14-24)

1966 Correlations between controlled-environment and nursery-grown seedlings of jack pine provenances.

Young, H. E. (19-81)

1971 The complete tree concept: a challenge to the forest geneticist.

Zabel, R. A. (3-13)

1955 Decay resistance variations within northeastern forest tree species.

Zobel, B. J. (7-9)

1959 Tree improvement and the southern forest industries.

COMMITTEE REPORTS

Committee on Basic Research, F. Mergen, Chairman (10-78)

1962

Committee on Hardwood Tree Improvement, W. J. Gabriel, Chairman (10-72)

1962

Committee on Hardwood Tree Improvement, W. J. Gabriel, Chairman (11-58)

1963

Committee on Hardwood Tree Improvement, W. J. Gabriel, Chairman (12-35)

1964

Committee on Hardwood Tree Improvement, W. J. Gabriel, Chairman (14-76)

1966

Committee on Improvement of Larch, D. B. Cook, Chairman (7-62)

1959

Committee on Improvement of Larch, D. B. Cook, Chairman (8-52)

1960

Committee on Improvement of Larch, D. B. Cook, Chairman (10-73)

1962

Committee on Seed Certification, E. C. Farnsworth, Chairman (2-12)

1954

Committee on Seed Certification, E. C. Farnsworth, Chairman (3-79)

1955

Committee on Seed Certification, E. C. Farnsworth, Chairman (4-48)

1956

Committee on Seed Certification, E. J. Eliason, Chairman (8-53)

1960

Committee on Seed Certification, E. J. Eliason, Chairman (9-78)
1961

Committee on Seed Certification, C. E. Heit, Chairman (10-67)
1962

Committee on Improvement of Spruce, J. B. Carlaw, Chairman (6-37)
1958

Committee on Improvement of Virginia Pine, J. B. Genys, Chairman (11-55)
1963

Committee on Improvement of White Pine, H. D. Gerhold, Chairman (12-61)
1964

Committee on Improvement of White Pine, H. D. Gerhold, Chairman (14-75)
1966

Committee on Improvement of White Pine, H. D. Gerhold, Chairman (15-87)
1967

NEFTIC, the establishment of, D. B. Cook, Chairman (1-101)
1953

Committee on Selection of Superior Phenotypes, D. E. Dorn, Chairman (20-106)
